Mr. K. M. Ibrahim:—We want a drastic removal. For that, has the Government got any method in view?

Mr. I. N. Menon:—For a total removal I do not think, Government have been able to do anything.

Mr. K. M. Ibrahim:—Did not the Government ponder over that?

Mr. I. N. Menon:—Yes.

Mr. K. M. Ibrahim:—With reference to (b), Sir, how can this distress arising from overcrowding of many professions be averted?

Mr. I. N. Menon:—By direction of employment into other channels.

Mr. K. M. Ibrahim:—What is the other channel?

Mr. I. N. Menon:—If there are industries or trades or particular professions which are not over-crowded, it may be possible within limits to divert population from one trade to another.

Mr. K. M. Ibrahim:—Am I to take it that the Government would take some initiative in the matter on their own responsibility?

Mr. I. N. Menon:—They will try to do something in this direction.

Mr. K. M. Ibrahim:—Is there any definite plan in the view of the Government in this matter?

Mr. I. N. Menon:—The problem is very general that there is no necessity for a specific treatment.

Mr. K. M. Ibrahim:—May I know whether there is any plan in the view of the Government to absorb this large amount of unemployment?

Mr. I. N. Menon:—I am afraid at present we have not got any plan.

Mr. K. M Ibrahim:—Will the Government in the near future consider this aspect of the question in view of the harassing unemployment both among the educated and the uneducated?

Mr. I. N. Menon:—The Hon'ble Member's suggestion will be considered.
